SKILLS

- HTML/CSS
- JavaScript
- Bootstrap
- React
- Python
- Problem-Solving

SOFT SKILLS

- Quick learning
- Team work
- Good Communication

INTEREST

Web Development
MERN Stack
Front-End Dev

EDUCATION

- 2019-2023
GCUF
Bachelor's degree in Computer Science
- 2017-2019
GOVT. DEGREE COLLEGE, MIAN CHANNU
FSc Pre-Engineering
- 2015-2017
THE CITIZENS FOUNDATION(TCF), MIAN CHANNU
Matric Science

Final Year Project

CPM Smart Parser

Smart CPM Parser design according to the real time problem. Several passengers transfer their luggage by using cargo services and it is common to find errors in cargo message files. We have smartly developed a parser that can detect and eliminate such errors from cargo message files. It will help us to automate our process and replace manual error correction process.
